Academic Success Plan Spring 2012

1117 Hornbake Library, UM

College Park, MD 20742

(301) 314-8418

www.ltsc.umd.edu

The purpose of the Letters and Sciences Academic Success Plan is to assist students who are on academic probation or dismissal. For many students probation or dismissal is a one-time event. However, for more students it is a repetitive issue that interferes with making progress toward their degree. By completing the academic plan you are agreeing to the requirements established by Letters and Sciences in guiding you toward success.

I, _____ (UID #) _____, am on academic _____ and understand that the Academic Success Plan requires me to meet with my assigned advisor at least **three times during the semester** and complete additional activities in order to satisfy the requirements for students on probation or dismissal. These meetings will take place once per month during the spring semester. You may meet with your advisor more than three times. Your advisor may also require additional activities to facilitate your progress.

List all of your courses for the Spring 2012 semester.
